PRODUCT DESCRIPTION SHEETS

Air Fresheners

10-00 Fresh Scents Air Fresheners

Commercial Air Fresheners

Available in eighteen scents, these high-potency commercial room fresheners are great for use in hotels, restaurants, automobiles, malls and aircraft.

10-15 Breeze

Odor Eliminator

A true odor eliminator, it actually attacks odors and neutralizes them. Works great for pet, cigarette and other foul odors and leaves behind a clean, neutral scent.

All Purpose Cleaners

11-05 Bacto-Ban

All Purpose Cleaner & Disinfectant

A germicidal cleaner used to kill bacteria, fungi, and viruses. For use in hospitals, restaurants, bathrooms, veterinarian offices, meat packing plants, etc. Easy-to-use multi-purpose cleaner acts like an all-purpose cleaner with germicidal benefits.

11-10 Klenzol

Heavy Duty All Purpose Cleaner

An excellent all purpose cleaner. Works great on leather, carpeting, interiors, rims, wheel wells, floors and even engines.

11-20 MVP All Purpose Cleaner

Multi-Use Cleaner

This fast-acting all purpose cleaner is part of our MVP Value Line. Excellent for auctions and high-volume detail shops. Works on vinyl, carpet, rims, tires, floors and engines.

11-25 Super Juice

Citrus All Purpose Cleaner

A highly-concentrated, multi-purpose cleaner. Great for cleaning even the dirtiest vinyl and carpets. Contains natural citrus cleaners to break down dirt and grease. Also great for removing tar and grease from exterior surfaces.

35-14 Citrus Power

Aerosol All Purpose Cleaner

A foaming aerosol spray-on, wipe-off cleaner for institutional, commercial and industrial use. Formulated with citrus solvents to easily remove grease, oil, lipstick & crayon marks from any hard surface.

Degreasers

12-05 Degreaser Dry-Pack Kit

Degreaser Concentrate

A hyper-concentrate kit that is mixed into a high-quality degreaser by the local distributor. Use it on engines, floors, wheels and tires. High-surfactant content makes it an excellent non-staining product for specialty wheels.

PRODUCT DESCRIPTION SHEETS

Degreasers

12-10 Fireball Kit

Degreaser Concentrate

A hyper-concentrate that is mixed into a degreaser by the local distributor. A high-caustic content makes this a fast-acting cleaner for engines, rims and concrete floors.

12-20 Hard Surface

Environmentally Friendly, Citrus-Based Industrial Clea

From simple dirt to thick grease and grime, this highly-concentrated detergent uses the power of citrus to clean engines, garage floors, wheels, table tops, patio furniture and almost any hard surface. Fits every need. Biodegradable.

12-30 Hurricane

Concentrated General Purpose Degreaser

A true all-purpose degreaser --- cleans anything ranging from whitewalls, white vinyl interiors, engines, rims, tires, vinyl and convertible tops to their original brilliance with one easy application. Removes curb burns and road grime from white walls and yellowing dirt from white vinyl.

12-40 MVP Degreaser

Multi-Use Degreaser

This caustic and butyl degreaser is part of our MVP Value Line. Excellent for auctions and high-volume detail shops. Works on engines, carpet, rims, tires, floors and engines.

12-45 Powdered Floor Soap

Commercial Floor Cleaner

Highly-concentrated floor powder easily cleans even the greasiest shop floors. Starts off red, then turns green when mixed with water. Economical and easy to use.

12-50 R.E.D. Degreaser

Heavy Duty Water-Based Degreaser

The best water-based degreaser on the market! This concentrated formula is biodegradable and cleans engines in a snap without damaging delicate metal parts. Just spray and rinse...it's that easy.

12-70 Hyper Degreaser

Cost Affective Degreaser Concentrate

A hyper-concentrate that is mixed into a degreaser by the local distributor. Makes a fast acting product that can be used straight or diluted to clean wheels, white walls, engines and floors.

Dressings

13-08 Rubber Cleaner

Rubber Trim Cleaner & Conditioner

A fast acting rubber cleaner for removing compound & polish residue. Cleans even old compound residue and restores rubber to a like new shine.

13-10 Bumper Gelle

Bumper Restorer

A thick, rich blend of polymers and penetrating solvents. Makes dull, faded bumpers and trim look like new.

PRODUCT DESCRIPTION SHEETS

Dressings

13-15 California Dressing

VOC Compliant, Solvent-Based Dressing

High quality solvents and polymers penetrate to create a deep, rich, long-lasting shine on all rubber components. Meets California state and Federal EPA standards for VOC emissions.

13-19 Leather Treat

Leather Conditioner

This moisturizing cream restores leather to its original luster and suppleness.

13-22 Lustre Shield

Vent & Plastic Trim Spray

Fast-drying aerosol dressing for use on radios, vents and other plastic surfaces..

13-25 MVP Blue Dressing

Rubber & Vinyl Dressing

Our Newest Dressing. It is a great combination of economy and shine. Can be used straight or diluted. Great for car washes, detail shops, auto auctions and other volume dressing users.

13-30 Qwik Dress

Concentrated Rubber & Vinyl Dressing

A thick rubber and tire protectant that can be diluted or used straight. Provides long term protection and gloss to both interior and exterior components. A great combination of quality and value.

13-34 Rubber Dressing Concentrate

Silicone Free All Purpose Dressings

A short-term, non-silicone formula designed specifically for body shops. Very economical (mixes 4:1). For exterior rubber and trim only.

13-35 Special Blend (not available in CA)

High Gloss, Medium Drying Solvent Dressing

An economical, solvent-based rubber dressing which provides an even, high shine to tires and rubber bumpers. Works great on hard plastic and rubber trim.

13-40 Tire Gloss (not available in CA)

High Shine, Fast Drying Solvent Dressing

Create a super-high gloss on tires and exterior trim. Tire Gloss out-shines and out-lasts any other solvent dressing on the market. Tire Gloss is very fast drying and it will not harm painted plastic cladding. For Exterior Use Only.

13-44 True Blue (not available in CA)

Satin Shine, Slow Drying Solvent Dressing

A solvent-based "spray and walk" dressing. No wiping, non-greasy formula with great coverage and medium gloss make this a perfect dressing for both interior and exterior use.

13-50 Tunnel Dressing

Wipe On Car Wash Dressing

Designed especially for car washes, this product wipes on easily and dries quickly. It creates a great shine and will not fling off tires when the customer drives away.

PRODUCT DESCRIPTION SHEETS

Dressings

13-66 Ultra Gloss

Rubber & Vinyl Protectant

One of Mark V's most popular products, Ultra Gloss stands out as the ultimate finishing treatment which protects and restores rubber and vinyl to its original luster. This anti-static formula repels dust and dirt without leaving a greasy mess. Best of all, Ultra Gloss holds up through repeated washings.

Glass Cleaners

14-08 Concentrated Glass Cleaner

Economical Streak-Free Formula

A concentrated formula for use in car washes and high-volume detail shops. Highly dilutable, it cleans even the dirtiest of windows.

14-30 Crystal Clear Glass Cleaner

Aerosol Glass Cleaner

A fast and easy aerosol glass cleaner for use by mechanics and service bay personnel. Cleans windows, chrome and vinyl with a quick spray and wipe.

14-49 MVP Glass Cleaner

Commercial Glass Cleaner

Part of our MVP Value Line, this glass cleaner cleans without streaking. Use on glass, chrome and any hard surface.

14-60 Window Sheen

Concentrated Commercial Glass Cleaner

Our most popular product! A patented formula of cleaning agents cuts through the oily film build-up on auto glass surfaces. Cleans and shines everything from mirrors to chrome surfaces without streaking. Industrial strength means a little goes a long way.

Interior Cleaners

15-03 Bio-Zyme

Concentrated Enzyme Cleaner

An enzyme cleaner for use on protein-based stains: food, blood, urine, feces, vomit, etc. Contains over one billion spores per gallon. When in contact with stain, spores come to life and eat away at the stain. Spores continue to multiply and eat until the stain is gone.

15-08 Fresh & Clean

Economical Carpet Shampoo

This thick carpet shampoo has a high-foam formula that easily removes dirt and grime from carpets and other fabrics. Its dry foam formula leaves no sticky residue. Fresh & Clean also has a refreshingly clean cherry fragrance that lingers.

15-10 Hot Shot

Carpet Extractor Shampoo

This product is a concentrated extractor shampoo. Designed to clean even the dirtiest carpets without leaving a sticky residue. Keeps carpets fluffy and fresh smelling. Keeps extractor pump, heater and O-rings intact and clean for a long life.

PRODUCT DESCRIPTION SHEETS

Interior Cleaners

15-16 Juice

Citrus Based Interior Cleaner

A citrus, multi-purpose interior cleaner. Citrus extracts and dry foam surfactants easily clean grease and oil without leaving a sticky residue. Great for extractors and spray-on, wipe-off applications. Use as a non-solvent pre-spotter, too.

15-31 Velour & Carpet Shampoo

High Foaming Shampoo With Optical Brighteners

A highly-concentrated, dry foam shampoo. This gentle formula safely lifts grime from the dirtiest, yet most delicate carpets and velour seats. Special optical brighteners restore color to fabrics.

15-38 Vinyl & Leather Shampoo

Multi-Use Interior Cleaner

Made specifically to clean today's delicate leather interiors without over-wetting or drying. Prepares leather surfaces for Mark V's Leather Treat.

35-14 Upholstery Plus

Aerosol Interior Cleaner

An industrial strength foaming aerosol cleaner for velour, cloth, carpet & vinyl. Upholstery Plus has an inverted sprayer to shoot cleaning power into the dirt allowing the foam to lift it away.

Master Tech

60-10 Citrus Hand Cleaner

Citrus-Based Hand Cleaner With Pumice

A highly concentrated blend of citrus solvents and surfactants quickly dissolves even the toughest grease and grime from hands. Contains emollients & glycerin to protect hands and keep them soft.

60-20 Washer Solvent

Streak Free Washer Solvent

A streak free window washer solvent. Just add 8 ounces of product to the washer reservoir and fill with water. Creates a fast drying, streak free window washer solvent that meets all Federal and State regulations. Not for use in all areas. Does not protect resevoir from freezing.

60-30 Washer Solvent Hyper

Hyper-Concentrate Window Washer Solvent

Easily make 55 gallons of concentrate Window Washer Solvent. Just add 5 gallons of Wash Solvent Hyper Concentrate to a drum and fill with water. Fill washer solvent reservoir with this mixture. Makes a fast drying, non-streaking cleaner that protects from freezing down to 15 degrees.

Sealants

16-11 Fabric Guard

Fabric Protector For Auto, Home & Outdoor Use

Made from the highest quality polymers, Fabric Guard is drawn in and around each fiber shaft, protecting the fabric from hot and cold drinks, food, oil and all other possible spills. UV protectors help keep your fabric from fading, too.

Sealants

16-22 Paint Sealant

Long-Lasting Teflon & Polymer Formula

Our longest-lasting paint protectant uses #1 carnauba wax and four polymers to create the ultimate in shine and longevity. Easy-to-use formula wipes off easily and protects paint for up to two years.

16-44 Vinyl & Leather Protectant

Interior Protectant

A polymer-based dressing that provides long-term protection and gloss to most interior surfaces. Part of Mark V's paint sealant package.

Soaps

17-00 Auto Glow

Wash & Wax Concentrate

A luxurious, foamy wash and wax. Auto Glow washes and shines your car between waxing. Neutral pH formula easily removes dirt and grease, but will not strip or etch your paint, even in hot weather. Highly concentrated.

17-12 Auto Shampoo

Car Wash Concentrate

A highly-concentrated car wash soap for use on cars and trucks. High surfactant content easily removes dirt, grease and diesel blow by. Neutral pH formula means it will not strip or etch your vehicles surface.

17-19 Deluxe Powdered Car Soap

Powdered Concentrate

Our most economical car wash shampoo. Easily dissolves into water and washes even the most dirty vehicles. Non-caustic formula will not streak paint or remove wax.

17-22 Extreme

Multi-Purpose Miracle Cleaner For RV's, Boats & Plane

Extreme will remove even the most stubborn traffic film and streaks from tractor-trailers, R.V.s, trucks and cars. Greying films not removed by even the strongest degreasers will melt away when washed with Extreme. A fantastic non-acid, wheel cleaner, it easily removes brake-dust without the chance of harming expensive rims.

17-30 MVP Wash & Wax

Economical Car Wash & Wax Shampoo

A high-suds, neutral pH shampoo with wax. Easily cleans oil and grease from vehicles and leaves a glossy just-waxed shine. Part of our MVP Value Line.

17-44 Very Cherry

Economical pH balanced Car Wash Shampoo

A concentrated high foam shampoo for car washes, dealerships and fleet maintenance personnel. Neutral pH formula will not remove wax or harm skin. Popular product with detailers because of its great foam and fantastic cherry fragrance.

PRODUCT DESCRIPTION SHEETS

Solvents

18-05 Adhesive Remover

Heavy Duty Glue Remover

Fast drying, solvent formula will remove most glue, adhesive and tar. More powerful than Qwik Solv. Use caution around plastic and fresh paint.

18-11 Citrus-Solv

Citrus Based New Car Solvent

Remove tar, glue, gum, stickers and cosmoline residue with this high-quality blend of solvents. Can be used on interiors as well as paint and vinyl. Citrus-Solv uses the power of citrus solvent giving this product a pleasant orange smell.

18-20 Fabric Spot Remover

Interior Pre-Spotter

Fast drying, solvent for use as a pre-spotter. Removes grease and grime quickly and evaporates clean. Excellent on all types of fabric, velour and other delicate surfaces.

18-26 Lacquer Thinner

Paint Dilutant

A fast-drying, fast-acting solvent for easy clean-up of grease, tar and gum.

18-33 Orange Power

Rinseable Multi-Purpose Solvent

The power of citrus solvents is used to melt tar, adhesive and cosmoline from automotive exteriors and easily rinse them away with water! Special surfactants help to clean the vehicle surface and rinse clean leaving your vehicle spotless.

18-55 Qwik Solv

General Purpose Solvent

Dissolve gum, cosmoline residue, undercoating overspray and glue with one easy application. Leaves no oily residue. Cuts car preparation time in half.

Specialty Cleaners

19-10 Bug Remover / TCR

Concentrated Bug Remover

Dead bugs are no problem for this powerful cleaner; just wash and rinse. This biodegradable cleaner easily removes even the heaviest concentration of bugs. For use on cars, R.V.s and tractor trailers.

19-14 De-Cos

Cosmoline Remover

Feel shipping wax or cosmoline melt away with an application of De-Cos. Approved by American Honda Motor Company for its effectiveness on removing even baked-on cosmoline without harming taillights and window trim.

19-21 Fallout Powder

Rail Dust Remover

Looking for a safe and efficient way to dissolve industrial fallout, rust specks and rail dust deposits? Simply wash with Fallout Powder and rinse. That's all it takes.

PRODUCT DESCRIPTION SHEETS

Specialty Cleaners

19-33 Liquid Fallout Remover

Rail Dust Remover

A ready to use, fast acting industrial fallout and rail dust remover.

19-55 Splash

Water Spot & Scale Remover

Stubborn water spots rinse away with just one application of Splash. Just wipe Splash onto paint or glass and rinse with clean water. It's that easy! Splash's special formula dissolves away the minerals that cause even the worst hard water spots. Approved by American Honda Motor Company after extensive testing in the U.S. and in Japan.

Tunnel & Self Serve

21-10 Tunnel Shampoo

Multi-Purpose High Foam Shampoo

A highly concentrated blend of surfactants that create a thick rich foam and lubrication for brushes and cloth equipment. Cleans grease, grime, diesel blow by and other dirt with ease without stripping wax. Excellent for all types of washes including self-serve, tunnel and hand wash facilities. Neutral pH will attack hands or skin like competitor's shampoos.

21-15 Low PH Foaming Shampoo

Acid-Based Foaming Shampoo

This is a fast-acting acid-based car wash shampoo. This product does NOT contain hydrofluoric or sulfuric acid like many other cleaners. It uses a blend of mild acids and surfactants to penetrate dirt and grime. Use as a first step cleaner in conjunction with Eliminator as part of a two-step cleaning process.

21-20 Rainbow Foam

Foaming Protectant

Our most popular protectant, available in red, blue and yellow, creates a dense, shaving-cream foam that coats the vehicle. Polymer protectant adhere to the surface allowing the foam to rinse clean while creating a new car shine.

21-40 Rinse Aid Drying Agent

Economical Drying Agent

Our most popular rinse aid / drying agent. As soon as this product hits the vehicle, you will see it working! It makes the water bead immediately, allowing for better rinsing and for the blowers to dry the vehicle effectively. Economical and cost effective formula for use in self-serve and tunnel washes.

21-41 Foaming Brush Shampoo

Self-Serve Brush Shampoo - RED

Specifically designed for use by self-service car wash brushes. Creates a thick, red, shaving-cream foam that cleans and lubricates the vehicle surface. Easily cleans dirt, grime, grease, bugs and grime while reducing the chance of scratching the vehicle surface. Has a great cherry scent that your customers will love.

21-44 Clear Coat Sealer

Polymer-Based Paint Protectant

For use in both tunnel and self-serve washes, Clear Coat Sealer is a non-foaming paint protectant. This concentrated formula quickly creates a polymer film on the surface of the vehicle. It produces a just waxed shine and water-beading properties to the vehicles finish.

PRODUCT DESCRIPTION SHEETS

Tunnel & Self Serve

21-45 Foaming Conditioner Purple

Foaming Paint Protectant- Purple

A foaming paint protectant for tunnel or self-serve use. Creates a luxurious purple foaming protectant that coats the vehicle and attaches a polymer layer of protectant. The foam is designed to rinse clean under the next arch. For use as a single-step foaming protectant. Contains more polymers than our Rainbow foam protectant.

21-46 Bead It

Hyper Concentrate Drying Agent

Part of our hyper concentrate car wash line, Bead It is the ultimate Rinse Aid / Drying Agent. Quickly creates beading on the vehicle surface and leaves a bright shine on the vehicle.

21-61 Rust Inhibitor

Undercarriage Cleaner and Protectant

This product is sprayed onto the undercarriage to remove salt deposits and other grime. Highly concentrate corrosion inhibitors neutralize any remaining salt and protect the undercarriage from further corrosion. A necessary car wash up sell for any area of the country where salt is used on the roads.

21-64 Prep Wash Ext

Car Wash Pre-soak

A fast and effective pre-soak tested in even the most extreme environments of Alaska. Fast acting formula penetrates road film, salt, dirt, bugs and grease pulling them away from the surface of the vehicle and allowing them to rinse off before the vehicle hits the brush / cloth equipment. Highly-concentrate formula also works well as a single step touchless shampoo.

21-66 Eliminator

Alkaline High-Foam Shampoo

Eliminator is part of our two step touchless cleaning system. Use Eliminator as the second step shampoo to neutralize the vehicle surface and clean grease and grime. Highly concentrated formula makes this an effective shampoo for any dirt / grease / grime found in different areas of the country.

21-69 Typhoon

Acid-Based Tunnel Shampoo

A highly concentrated and aggressive shampoo. Contains Hydrofluoric and Sulfuric acids. Fast acting formula cuts through grease and grime quickly. Use this product as the first step of our two-step cleaning process. This product will attack concrete floors and stainless steel equipment. Use with caution.

Waxes, Polishes, Glazes & Compounds

22-03 Body Glow

Silicone Free Clay Lubricant

This body shop safe formula works as both a finish enhancer and buffing lubricant. Great for cleaning compound splatter after buffing or just removing dust and fingerprints before delivery. Aids Body Clay users by increasing lubricity.

22-10 Clay

Contamination Remover

Remove tar specks, overspray, tree sap and other industrial contaminants in a snap. Available in 3 distinct strengths -- mild, medium and aggressive.

PRODUCT DESCRIPTION SHEETS

Waxes, Polishes, Glazes & Compounds

22-15 Paste Wax (Coach Wax)

Carnauba Paste Wax

A rich combination of the finest imported carnauba wax and polymers create a rock hard finish on any vehicle surface. Perfect as a final step product for creating the ultimate, long-lasting shine.

22-21 Dazzle

Finishing Polish With Polymers & Carnauba Wax

Incredibly easy to use, Dazzle is fortified with polymer resins and natural waxes making it the perfect choice for fast detailing and new car get-ready. Dazzle is guaranteed not to streak or haze even in weather up to 95 degrees with 95 percent humidity.

22-26 Drywash

Waterless Car Wash

An easy-to-use waterless car wash. Cleans, polishes and protects in one easy step! Contains polymers to lubricate and protect the surface. Just spray on and wipe off -- it's that easy. Great for show cars, showroom vehicles and trucks.

22-30 Fast 'n' Brite

Heavy Duty Cleaner Wax

A cleaner/glaze utilizing a unique combination of abrasives which give the detailer quick cutting and leveling characteristics without the swirls that other products leave behind. Fast 'n' Brite cuts, polishes and seals all in one easy step, leaving behind a brilliant finish which lasts for months.

22-33 Fast Wax - Spray Wax

Carnauba & Polymer Sealant

An easy to use spray on wax. It is not an instant detailer, which will only provide short term gloss to the vehicle. Fast Wax contains a blend of polymers and carnauba wax to provide gloss and protection to the vehicle which will last for months.

22-35 Final Finish

Finishing Polish

Even an amateur can get professional results with Final Finish. This low-residue polish can be applied by hand or machine. The perfect product for vehicle deliveries and express detailing.

22-38 Finish Restorer

Light Duty One Step Cleaner & Polish

The perfect one-step for late model cars, its non-abrasive formula chemically cleans without swirls. Brightens and restores depth to even the toughest colors. Great for auctions and re-con centers. It lasts for months. Easy-to-use with an orbital polisher or high-speed buffer. It can be used by hand in dryer climates.

22-44 Foam Pad Machine Glaze

Body Shop Swirl Remover

A body shop safe glaze to remove compound swirls and minor scratches. Use with a high-speed or orbital buffer to create the ultimate finish. Does not contain silicone or wax and does not seal the paint.

22-47 Glaze It

High Gloss Finishing Wax

Glaze It gives you the best of both worlds! Rich exotic waxes cover paint imperfections and give great depth while high-tech polymers provide durability, ease-of-use and shine. Low dust means easy clean-up. Works great by hand or with any type of polisher.

PRODUCT DESCRIPTION SHEETS

Waxes, Polishes, Glazes & Compounds

22-50 Hand Glaze

Body Shop Finishing Glaze

The best body shop hand glaze available. Easy-on and easy-off formula. Will not cake or stick to paint. Works by hand or with an orbital polisher to achieve the ultimate shine. Lasts for up to 3 weeks. Does not contain silicone.

22-53 Heavy Duty Compound

Multi-Use Cutting Compound

With its unique blend of chemical cleaning compounds and abrasives, Heavy Duty is one of our most popular compounds. This cleaner safely and effectively removes scratches, oxidation, overspray and reduces swirls. Its silicone-free formula can be used with a wool or foam pad.

22-55 IP 100

Long Lasting Polymer Protectant

High quality co-polymers seal and protect paint for up to 18 months! Easy-to-use, low dust formula can be applied by hand, orbital polisher or, for the longest protection, with a high speed polisher fitted with a foam polishing pad.

22-57 IP 200

Depth Restorer & Swirl Remover

The ideal "wet look" finishing treatment for such hard-to-shine paint colors as black and red. IP-200 glaze restores clarity and depth. Works great for removing swirl marks and light scratches when used with a foam pad and high speed polisher. Perfect for use after using Qwik Kut MV-250 or Krystal Kut.

22-60 Krystal Kut

Synthetic Cutting Compound For Clearcoat Paints

Specifically designed for today's finishes, we combine two high-tech abrasives which initially cut, then break down and polish the finish to a smooth gloss. Removes acid rain, overspray, sanding scratches and orange peel. Slower-drying formula allows for a longer working time. Silicone free formula can be used by body shops or detailers.

22-62 Metal Brite

High Shine Metal Polish

Create the ultimate shine on aluminum, brass, billet, diamond plate and other hard-to-polish metals. Fast-acting formula wipes on easy and buffs out to a great shine. Perfect for use with polishing balls.

22-66 Mystique

Finessing Glaze

An all-in-one product used by detailers and body shops to remove scratches and create the ultimate finish. Mystique does not hide scratches; it actually removes them to create a flawless finish. Detailers love it to remove car wash scratches, oxidation, and other imperfections. Body shops love it to remove wet sanding marks and compound swirls. This product is body shop safe.

22-70 One Shot

Medium Duty One Step Cleaner & Polish

In a hurry? Cars lined-up? Use One-Shot to clean and protect at the same time. This aggressive cleaner & glaze leaves a gloss that puts a smile on your customer's face, and it's easy to clean-up too!

Waxes, Polishes, Glazes & Compounds

22-72 Phase V

Light Duty Finishing Glaze

Manufactured with micro-fine abrasives, Phase V is the ultimate product for removing 2000 grit sanding marks. Eliminates swirl marks and scratches caused by harsher compounds leaving a deep, smooth, luster all in one easy application. Silicone free means it's body shop safe.

22-76 Power Brite

Cleaner & Glaze For Fiberglass & Gelcoats

Designed for fiberglass and gel-coat products such as motorhomes, boats, and jacuzzi tubs. Power Brite is a one-step wax with medium abrasives and chemical cleaners. It brightens, fills and restores depth without swirls.

22-78 Qwik Kut MV-90

Fast Cutting Compound

A fast-cutting abrasive compound, it's perfect for removing 1,000 - 1,500 grit sanding scratches. High-tech abrasives slowly break down and polish the surface - to a swirl-free shine. An excellent first step compound for body shops since it is silicone free.

22-80 Qwik Kut MV-250

Friction Activated Compound

Unique heat-induced abrasives make this the compound of choice for high-end body shops and detailers. An excellent first-cut compound to remove 1,000 - 1,200 grit sanding scratches. After cutting, the abrasive quickly breaks-down and polishes the surface to a high-gloss finish.

22-81 Qwik Kut MV-350

Fast Cutting with Nano Technology

Removes 1,000 - 1,200 scratches quickly and easily from high solid paint systems. Unique abrasive blend cuts faster and creates a better finish than any other compound. Works with any type of buffing pad.

22-83 Qwik Seal

Liquid Carnauba Wax

This liquid wax and polymer formula is fast on and easy off. Will not streak or smudge. Works in all weather and creates a great long-lasting shine. Meets California VOC regulations.

22-84 R88 Radiance Wax

High Gloss Express Wax

Easy on and easy off formula make this the product of choice for high-volume dealerships and detail shops. Creates great depth and will not stain or chalk rubber or plastic molding. Meets California VOC regulations.

22-85 Seal Brite (not available in CA)

Polymer Liquid Wax

Are you a liquid wax lover? Try Seal Brite. A high-solvent liquid polymer/wax formula which removes tar, sap, and light oxidation while assuring a quick, long lasting shine. "The ultimate express hand wax."

22-90 Showroom Finish

Finish Enhancer & Clay Lubricant

The finest instant detailer available. Remove fingerprints, smudges and dust with ease. Just spray and wipe with a soft cloth. It's that easy. Also works well as a clay lubricant.

Industry for Over 30 Years.

PRODUCT DESCRIPTION SHEETS

Waxes, Polishes, Glazes & Compounds

22-96 Super Duty Compound

Aggressive Cutting Compound

Recommended for severely oxidized paint, Super Duty levels old, faded paint quickly. Super Duty stands out as the toughest yet the safest of any red cutting compound available in today's market. Body shop safe and silicone free.

22-98 Uno

All in One Compound & Glaze

A micro-fine polishing product that can easily remove 1200 sanding scratches when using a wool pad. But, when using a wool pad. UNO will create a flawless, show car finish.

Wheel Cleaners

24-10 Ideal Wheel Cleaner

Gel Wheel cleaner

Specialized ingredients allow Ideal to clean like an acid-based wheel cleaner without the harmful ingredients. Ideal does not contain the hydrofluoric and/or sulfuric acid often found in other wheel cleaners. Safe for all wheel types and safe for the user.

24-11 Mag V

Chrome & Wire Wheel Cleaner

Specifically developed for spoked and decorative rims as well as other chrome surfaces. Mag V removes brake dust, rust and road film. An Acid-based formula with protective buffers won't hurt clear coated or painted rims if used as directed.

24-22 MVP Wheel Cleaner

Economical Wheel Cleaner

Part of our MVP Value Line, MVP Wheel Cleaner uses a unique blend of acids and surfactants to remove brake dust, grease and grime at a sensible price. Excellent for high volume dealerships and detail shops.

24-44 Wheel Brite

High Strength Wire Wheel & Spoke Cleaner

Our strongest wheel cleaner and aluminum brightener. Out performs any other acid-based cleaner on the market. Cleans even the dirtiest chrome wheels with ease. Highly-concentrated formula is also an excellent aluminum brightener for tractor trailers.
