Product Description:

Dazzle is an easy to use polish & sealant. It can be used by hand or machine and creates a great shine either way.

Dazzle is very easy to use. Professional detailers love the product because it is an easy on & easy off formula. The product dries to a light haze that is easy to remove. No dust, no smearing and it creates a deep, rich shine. Another great advantage is that Dazzle will not stain plastic and rubber molding.

Dazzle combines the rich, deep finish derived from carnauba wax with the shine and long-lasting durability of nano-polymers. The result is a deep, rich, durable shine that will last for 3 - 6 months.

Dazzle is great for new car get ready and express details because it is so easy to use and versatile.

Use on new and slightly oxidized vehicles to brighten and seal in one step. When used with a buffer, it is great for removing light swirls and minor paint imperfections.

Advantages:

- ◆ Easy on, Easy off formula
- ◆ Contains long-lasting nano polymers
- ◆ Zero VOC formula
- ◆ Very low residue - Low Dust
- ◆ Last for months
- ◆ Non-smearing. Works in all types of weather
- ◆ Versatile - Use by hand or machine.

Part Numbers:

- ◆ 32 oz. # 22-213
- ◆ 1 gallon bottle # 22-214

Directions:

By Hand:

1. Surface should be clean and cool to the touch
2. Apply a thin layer of product to entire painted surface of the vehicle. Allow to dry for 5 - 10 minutes.
3. After product has fully dried, remove haze with a clean, dry microfiber cloth.

By Machine:

1. Surface should be clean and cool to the touch
2. Set polisher to 1200 - 1750 rpm with a finishing or medium grade foam pad.
3. Apply a small amount of product to paint and spread over a 2' x 2' area. Try to keep pad flat at all times.
4. Buff evenly until product is almost all gone.
5. Remove residue with a microfiber towel. Continue to next section.
