#### Product Description:

Ultra Gloss is the premium rubber & vinyl protectant on the market. It is the more concentrated than other products on the market and does not contain any fillers like glycerin or soap.

Ultra Gloss creates a deep, rich shine that lasts without making the surface greasy. It will actually dry to a deep shine that does not attract dirt, grime or dust. It will not turn yellow over time.

Use Ultra Gloss on interior and exterior surfaces. Use straight for a high shine on tires and plastic trim. Dilute with water to reduce shine and to use on interior surfaces such as vinyl & plastic.

Ultra Gloss is safe for the environment. It does not contain any VOCs or solvents. It is non-hazardous for the user and the polymers are inert: meaning they are safe for the environment.

#### Advantages:

- ◆ Long-Lasting
- ◆ Non-greasy shine
- ◆ Water-based formula
- ◆ Product contains zero VOCs
- ◆ Perfect for interior and exterior use
- ◆ Dilute with water to achieve desired shine.
- ◆ Exceeds all State and Federal regulations

#### Part Numbers:

- ◆ 1 gallon bottle # 13-664
- ◆ 5 gallon tighthead # 13-665
- ◆ 55 gallon plastic drum # 13-668

#### Directions:

1. Clean area using the appropriate Mark V cleaner to remove grease, grime and dirt.
2. Apply Ultra Gloss by spraying or wiping onto surface
3. Allow Ultra Gloss to dry.
4. Remove any puddles of product that did not dry to prevent flinging

Do not use on surfaces where slipperiness may be dangerous. Do not use on brake pedals, steering wheels, and other control surfaces.
